Updated Beacon Program Tuition Payment Information

Please note, given the difficulty some Parents are having with accessing or utilizing on-line bill payment, Financial Affairs has suspended late fees until the middle of December (end of SCCC Fall Semester).

Payment link: (there are also 2 links contained in the bullet points below)

<https://www.sunysuffolk.edu/explore-academics/college-for-high-school-students/beacon-program/pay-your-beacon-program-tuition.jsp>

- Please be aware that tuition for Beacon courses is non-refundable.
- The tuition rate for Beacon courses is \$57 per college credit. On your bill you will see a charge of \$76 per credit and a Beacon Scholarship of \$19 per credit. This is because SUNY's rate is \$76, however the College chose to freeze tuition at the \$57 rate and is providing all Beacon students with a credit for the difference.
- To calculate the tuition for your class, multiply the number of credits displayed for your class times this rate.
- Example: A 3 credit Beacon course would be: $3 \times \$57 = \171
- Bills can be paid in one of two ways:
 - To pay online via credit or debit, create a Student Account on the MySCCC College Portal and use the WebPay link on the [MySCCC payment page](#). For information on creating a MySCCC account please see [Create a MySCCC Username and Password](#).
 - Please be aware that there is a \$20 web access fee for paying online.
 - Also be aware that students will not see a charge on their account until their courses receive a "REGISTERED" status.
 - Pay by mail by sending a check or money order, along with the bottom of your bill, to Suffolk County Community College, PO Box 1126, Selden, NY 11784. **Please write the student ID number on the face of your check.** Your student ID is shown in the large box in right column on your home page.

For any questions about payment process listed here, please email callal@sunysuffolk.edu.

Thank you for your time and assistance.
